

# Bury The Evidence

## Tricky

I can picture it now  
You in your car  
Left the bar  
Playing big part  
Keep up complainin?  
It?s probably rainin?  
Keeping complaining  
It?s probably raining  
You?re gonna visit your car  
It?s one of my peeps  
With a blow to your head  
Is that what you need?  
You?re probably bleeding  
Is that what you needed?  
You?re probably bleeding  
Just like a movie  
Just like a movie  
Just like a movie  
Life doesn?t move me  
Life doesn?t move me  
I keep with you now  
Here in your car  
Left the bar  
Playing the big part  
Keeping complaining  
It?s probably raining  
It?s one of my peeps  
With a blow to your head  
Is that what you needed?  
What you needed  
What you needed  
You caught me breathing  
It?s just like a movie  
Life?s just like a movie  
It?s like a movie  
  
Just like a movie  
It doesn?t move me  
Move me, move me

It doesn't move me  
Life doesn't move  
It doesn't move me  
Move me  
It's like a blow to the head  
It's like a blow to my head  
It doesn't move me  
Move me, move me  
Move me  
It doesn't move me  
It's like a movie  
Just like a movie  
Blow to the head  
Life's like a blow to the head  
What you needed  
What you needed  
What you needed  
Life's like a blow to the head  
It's that what you needed  
Is that what you needed?  
What you needed  
A blow to the head  
Move me, move me  
It doesn't move  
It doesn't move  
It's like a movie  
Movie, movie  
Just like a movie  
It doesn't move me  
It's like a movie
