## Lodato & Joseph Duveen

I swear I can't grow up  
I still feel the need to smoke up  
No bread eating cold cuts  
It's the evening and I just woke up  
Friends starting families  
And I m not even sure what I plan to be  
Yet I m always in a hurry going nowhere fast  
Living in the moment tryna make it lastWhen I look up to the stars  
I know that I'll be fine I m rich even when I m broke  
And yea, I know, I know  
I'll probably never grow up  
And even when times get tough  
I try to find a way to have fun  
I always find a way to have fun, I m young  
We'll never get older, never get older  
Being young's a state of mindWe'll never get older, never get older  
Coz we're young at heartWe'll never get older, never get older  
yea we 're young till time to goWe'll never get older, never get older  
oooo wooo, hooo wooo, ooooI always find a way to have fun, I 'm youngWe'll never get older, never get older  
Coz we're young at heartWe'll never get older, never get older  
yea we 're young till time to gooooo wooo, hooo wooo, oooo  
I don't punch no clocks  
I don't own no stocks  
50 years old I'm a rock high tops  
And I picture my son yelling that's my pop's  
Pickette fence around an apple tree  
Now that's my definition of insanity  
Cuz I love it. in the city where it's moving fast  
But if you don't keep up with it  
It'll kick your assSo every night, I talk to God  
Don't worry I'll be fine  
I know you think my life's a joke  
Yea, I know, I knowSo what, I'll never grow up  
And even when times get rough  
I try to find a way to have funFuck ItI always find a way to have fun, I m youngWe'll never get older, never get older  
Being young's a state of mindWe'll never get older, Never get older  
Coz we're young at heartWe'll never get older, never get older  
yea we 're young till time to goWe'll never get older, never get older

oooo wooo, hooo wooo, ooooAnd we're shouting out noooo

oooo wooo, hooo wooo, ooooYea, we're shouting out noooo wayyyyWe'll never get old noooo

oooo wooo, hooo wooo, ooooWe'll never get older, Never get olderI always find a way to have fun, I m

YoungWe'll never get older
