Working At Perfekt (LP Version)

Geddy Lee

Draw a line
Strong and clear
Make it bend to your will
All the lines
In a face
So hard to make stand still'Til the flaws disappear
'Til what's wrong disappears
'Til all that's wrong will
DisappearWorking at perfekt
Got me down on my knees
Success to failure
Just a matter of degrees
Success to failure
Just a matter of degreesAll the colours of the day
Have somehow disappeared
All the colours of the universe
Are closer than they appearAre not as close as they appear
Are not as close as they appear
Not as close as they appearNothing is perfekt
Certainly not me
Success to failure
Is just a matter of degrees
Working at perfekt
Got me down on my kneesBut when it's right
It's right as rain
And when it's right
There is no pain
And when it's right
You start againWorking at perfekt
Got you down on your knees
Success to failure
Just a matter of degrees
Success to failure
Just a matter of degrees
