

Circus

Solid Harmonie

I quit
Ain't no work, no ?, there's no safety net
Cause I quit
Ain't gonna jump, no more hoops, ain't no acrobats
Cause I quit
Ain't gonna move
Just one dance
No one else is thru
Cause I quit
I quit
I quit
I quit

I see what we are
This has gone too far
You've got me turning circles, jumping hoops, nowhere to start
I'm ? it now
Turn on power now
This hall of mirrors goes in on me I'm not your show
Your face is coming off
Cause the ship is gonna stop
Baby, this freak show, sold
Cause the curtain is coming down
And the star is leaving town
Baby it's so over
No encore

I quit
Ain't no work, no ?, there's no safety net
Cause I quit
Ain't gonna jump, no more hoops, ain't no acrobats
Cause I quit
Ain't gonna move
Just one dance
No one else is thru
Cause I quit
I quit
I quit

I quit

I quit this circus
Quit your circus
It's just not working
Your circus
I quit this circus
Your circus
I quit
I quit
I quit

Stop this masquerade
No more playing game
I square the circle
Cause you're never gonna operate
?

My life got out of hand
You cracked the whip but I was quicker
Don't you ?
Your face is coming off
Cause the ship is gonna stop
Baby, this freak show, sold
Cause the curtain is coming down
And the star is leaving town
Baby it's so over
No encore

I quit
Ain't no work, no ?, there's no safety net
Cause I quit
Ain't gonna jump, no more hoops, ain't no acrobats
Cause I quit
Ain't gonna move
Just one dance
No one else is thru
Cause I quit
I quit
I quit
I quit

I quit this circus
Quit your circus
It's just not working
Your circus

I quit this circus

Your circus

I quit

I quit

I quit

I gave my everything

I gave my all

Cause I'm no superhuman

No cannonball

But I'll be far on you

If you push me now

It's far too late for this

And I'm getting out

I quit

Ain't no work, no ?, there's no safety net

Cause I quit

Ain't gonna jump, no more hoops, ain't no acrobats

Cause I quit

Ain't gonna move

Just one dance

No one else is thru

Cause I quit

I quit

I quit

I quit

I quit this circus

Quit your circus

It's just not working

Just not working

I quit this circus

Your circus

I quit this circus

Your circus

I quit

I quit

I quit

I quit

Ain't no work, no ?, there's no safety net

Cause I quit

Ain't gonna jump, no more hoops, ain't no acrobats

Cause I quit

Ain't gonna move
Just one dance
No one else is thru
Cause I quit
I quit
I quit
I quit
I quit
