Enemy, all over my body
She's wrapped up
She's wrapped up in alcohol
She's wrapped up
She's wrapped up in caffeineShe's my enemy
She's my enemy
She's my enemy
She's my enemyI woke up, she was painting the lattice
She can't see through her mother's magnets
She can't see, she breathes electricityShe's my enemy
She is my enemy
She's my enemy
She's my enemyShe's my enemy
She's my enemy, enemy, enemy, enemy, enemy
She's my enemy, enemyI woke up, she was painting the lattice
She can't see through her mother's magnets
She can't see, she breathes electricityShe's my enemy
She is my enemy
She's my enemy
She's my enemyShe's my enemy
She's my enemy, enemy, enemy, enemy, enemy
