

She Waits for Me

Airplay

She waits for me with the light on
hopin' I won't be long
I run to her, knowing where I belong
The streets are lonely, cold and dark
all but those lead me on
she stays awake 'til it's late
reading in the bedroom all alone
Drive the car to where you are treated like a star
She waits for me with the light
on
hopin' I won't be long
I run to her, knowing where I belong
If she's sleepin' dreamin' sweet
I'll do my best not to make a sound
The TV's on with the picture gone
As I lock the doors, tip-toeing around
Everything is alright
I kiss her good night
and turn out the light
She waits for me with the light on
hopin' I won't be long
I run to her, knowing where I feel strong
She waits for me with the light on
hopin' I won't be long
I run to her, knowing where I belong
