Enjoy Yourself

Messiah

Do you need beer to have fun
Don't you know that drugs do con?
Fellowship we need to unit us all,
no use to kick each others balls
Mosh a peaceful way,
violent brutal thrashers don't need to stay.
Enjoy yourself, non-violent moshing instead of fighting,
Enjoy yourselfWe don't care if black or white
All together for a pacifistic fight
We fight for freedom and liberty,
but against destruction and brutality
Hatred racism and arms race,
vivisection, fur coats are humanitys disgrace.Enjoy yourself, non-violent moshing instead of fighting,
Enjoy yourself
