If You Believe

[Rachael Lampa](#)

I close my eyes
And even when I'm sleeping
I'm alright
'Cause you are in my lifeOnce upon a time
I only imagined this
And now you're mineWished for you so hard
Pray that you'd find me
Maybe you're here today
Here to remind meIf you believe that dreams come true
There's one that's waiting here for you
'Cause I believed when I saw youThat when you want something enough
Then it can't escape your love
There is nothin' in the world that cannot be
If you believeEverybody said that
That I was a fool to think
That we'd connect
But I couldn't get my heart out of my headAnd they just didn't see
No, they just couldn't know
The feeling that you get
The places that you goIf you believe that dreams come true
There's one that's waiting there for you
'Cause I believed when I saw youThat when you want something enough
Then it can't escape your love
There is nothin' in the world that cannot be
If you believeNever wished for material things
Never needed wind in my wings
I never wished for anything but you, you, youI can't explain it
Someone just told me
Go where your heart is
You'll never be lonelyIf you believe that dreams come true
There's one that's waiting there for you
'Cause I believed when I saw youThat when you want someone enough
Then they can't escape your love
There is nothin' in the world that cannot be
If you believe, believe believe believe
