

Winds Of Change

Cinderella

I look into the mirror
Can almost count the years
The memories are clearer
Of all those things I feared
I watch the time pass slowly
It comes and goes like the waves
The sea can touch the sky at night
It's got the freedom I crave
I'm going through changes in my life
I'm going through changes, it'll be alright

Look into a picture
A thousand years are told
Now is it any wonder
What our tomorrows hold
Our yesterdays are over
You know they go so fast
If I could rule the winds of change
You know I'd make it all last
I'm going through changes in my life
I'm going through changes, it'll be alright
Alright

I walked alone through the blackest night
I felt the cold, I felt the bite
I took the high road but it ain't right

It's just the low road in disguise
I'm going through changes, oh yeah
Everything's gonna be alright, yeah
Got to the top of an uphill climb
Only to look down the other side
Just when you think it's on your side
This world will show you ain't no reason to the rhyme
I'm going through changes, oh yeah
Everything's gonna be alright
Times keep a changing every day
Watch out now 'cause it's heading your way, oh yeah
Seems like the world turned upside down
Seems like everything's falling down
But it's all getting better every day

Watch out now 'cause a good times heading our way

Ah, every day

Every day

Every day

Every day

Every day

Every day
