

# Seasick

## Silversun Pickups

What can we do  
To make this worse  
Where can we lay down  
Blanket of fallen leaves  
Too fair, too sweet Scatter dry heaves  
My stomach's turning  
Floorboards keep moving  
Ruptured on casualties  
No immunity  
At least that's is how it seems Don't make a sound  
It throws me off  
My center of gravity is lost  
Don't fake alarms, don't siren off  
Don't make a sound  
It throws me off Branches enclose  
These walls won't hold  
Turn tail from the paramour  
And look to the family tree  
Or let them see  
Cause it buried too deep Don't make a sound  
It throws me off  
My center of gravity is lost  
Don't fake alarms, don't siren off  
Don't make a sound  
It throws me off If you only knew  
Trying to move  
Trying to move  
Keep my head high  
We made a life  
We made a life  
Visualize  
Objects in sky  
Objects in sky  
If you only knew  
Thought this would leave us  
On the ground, we will  
Face this,  
On the ground, I will  
Be there,

On the ground, waiting  
Patient  
On the groundShe sways over to me  
Pointing overboard, but I can't see nothing  
She sways over to me  
Shes still going on, but I cant hear anything  
She sways over to me  
Pointing overboard, but I can't see nothing  
She sways over to me  
Shes still going on, but I cant hear anythingDon't make a sound  
It throws me off  
My center of gravity is lost  
Don't fake alarms, don't siren off  
Don't make a sound  
It throws me off
