Places such as eyes
Eyes of the world as
Turn off the heat in places like
Lying like a dream Mature and mature personality and a deulssuk nalssuk
One girl still ssukhago
Her name was a beautiful lady
This is my destiny You are my destiny Destiny
Joke of the sky or admire
Like a judge after a sagwija
Not to bear for a long time to see your
Well, look at me to Gorman Gorman jinaetnabwa
How much he's changed so much, I put in the effort
The fruit is sweet but the process wrote
Yeah, I did too It's been tough
So I wrote this song Oh thank you Oh thank you Oh thank you
I thank you so so much
Thank you lovely beautiful proud
Oh thank you Oh thank you Oh thank you
I thank you so so much
Thank you lovely beautiful proud Places such as eyes
Eyes of the world as
Turn off the heat in places like
Lying like a dream What I have with any other
I do not regret for a man believed to follow
Or leave whenever you do not care
I mean, my silver lining is the presence bitgateun Dao
Dao
Cigarette drink more julilge Hey Jude
I like the stiffness but ripe with emotions
Sullen feelings about everything baby
Sixtieth birthday, that makes sense You're my baby girl
I meet me in heaven and hell every day you come to
Ghana
But I shot this one in my bedroom Oh thank you Oh thank you Oh thank you
I thank you so so much
Thank you lovely beautiful proud
Oh thank you Oh thank you Oh thank you
I thank you so so much
Thank you lovely beautiful proud Places such as eyes

Eyes of the world as
Turn off the heat in places like
Lying like a dream(Work it down)Thank you lovely beautiful proud
Shown giving birth giving (Thank you)
Come and hug you for giving me (Thank you)
The reason why I sing, I live in
The reason for me to live (Thank you)
Shown giving birth giving (Thank you)
Come and hug you for giving me (Thank you)
The reason why I sing, I live in
The reason for me to live (Thank you)
