

# Dynamite (ft. Christina Novelli)

[Gareth Emery](#)

Watching the sky light fall to black  
Feeling like the lights never coming back, no  
When it's dark in the snow  
I will be here, I'll be here And it's all for you  
Every spark in every flame  
All for you  
And all the stars they know your name Light a blazing light, ready to ignite  
We are made of dynamite  
Fireflies falling through the night  
We are made of dynamite Light a blazing light, ready to ignite  
We are made of dynamite  
Fireflies falling through the night  
We are made of dynamite
