

Hypnotize Me

Corciolli

Darlin', I believe in love
Since I met you, baby I believe in love
The way you hold me, my heart is stirred
You can control me without a word Turn on your white light in my open eyes
Oh girl, you hypnotize me
(Hypnotize me)
I feel your white light, you're so bright
I'm hypnotized
(I'm hypnotized) And as you're looking at me
It's a deep ecstasy and no word is enough
Just shine the light in my eyes
And hypnotize me love Oh darlin', I believe in love
In this hate-ridden world I believe in love
Do you know the power you have over me?
(Power)
Use it every hour, shine the light on me Turn on your white light in my open eyes
Oh girl, you hypnotize me
(Hypnotize me)
I feel your white light, you're so bright
I'm hypnotized
(I'm hypnotized) And as you're looking at me
It's a deep ecstasy and no word is enough
Just shine the light in my eyes
And hypnotize me love Turn me on
(With your love)
Turn me on
(With your love)
Turn your light around
(To mesmerize me)
Turn me on
(Oh) Just shine the light in my eyes
And hypnotize me love, oh
Just shine the light in my eyes
And hypnotize me love, yes Turn on your white light in my open eyes
Oh girl, you hypnotize me
(Hypnotize me)
I feel your white light, you're so bright
I'm hypnotized
(I'm hypnotized) And as you're looking at me

It's a deep ecstasy and no word is enough
Just shine the light in my eyes
And hypnotize me love
Just shine the light in your eyes
And hypnotize me love Just shine the light in your eyes
And hypnotize me love, yeah yeah, oh
(The light in your eyes)
Yeah, just shine the light in your eyes
And hypnotize me love
Just shine the light
