For Whose Sake? (feat. Richard Thompson)

Richard Thompson

For whose sake
For whose sake
Did I deliver
Sighs of love and vows forever?For whose sake
For whose sake
Did I learn real from true?Fast times
What a scene you left behind
Skins shed and bitter morsels saidAnd now you shine your little star
And did you come so far
Ahh you who you think you are?For whose sake
For whose sake
Did I endeavor
Pledge myself forever?For whose sake?
For whose sake?
I know your signs
And I know your linesBut I dont know you
I dont know you
I dont know you
