

Swept Away (feat. Lennon Stella & Jessy Schram)

Nashville Cast

You should have seen it
Like a flash of lightning
Should've been lookin'
Out at the dark horizon
But now the storm
Is all around us
Your on the shore

And I'm in the ocean now Don't wanna be swept away
Don't wanna be kept from you
And all of the love we made
Don't want it to fade from view
Don't wanna be swept away
You know my heart is true
I found a dream that's new
Never seen sky so blue
This is my big wave
We could've saved it
Like a lighthouse in the dark
We could have made it
But I couldn't see the spark
And now the fall it's seems rolling
Everything falls

Everything's cold and I Don't wanna be swept away
Don't wanna be kept from you
And all of the love we made
Don't want it to fade from view
Don't wanna be swept away
You know my heart is true
I found a dream that's new
Never seen sky so blue
This is my big wave
This is my big wave
this is my big wave
this is my big wave I don't know up from down
Sight from sound
Spin around in darkness
The ocean braves
I pray for strength
I swore that it was all I could take And I'm just swept away

From you
And all the love we made
Don't fade from view Swept away
You know my heart is true
I found a dream that's new
Never seen a sky so blue
This is my big wave
My big wave
This is my big wave
