

# Ain't No Slave

## Big Daddy Wilson

Take me far, far away  
To a foreign, a foreign land  
Take me from, from my mother  
Warm and love, love and hateTreat me like I'm a dog  
    Kick me around all day long  
    Tie me down, down and chain  
    Beat me like I'm a slave  
I'm a slaveCause my skin, skin is black  
    in my back, back is strong  
    Keep me on, on a boat  
that is where I belongI am good, good for nothing  
    Just a dog, dog of fool  
    Made your pick, pick your card  
    You make all, all the rules  
All the rulesDon't pay me no damn mind  
    if you see, see me cry  
    These are not, not real tears  
Just water from my eyesAin't got no name, ain't got no voice  
    Don't feel no pain, ain't got no choice  
    Ain't no man, ain't no man  
    I'm a slave, so I amSo I am  
All I got, all I have my sweat, blood,  
    And tears 'n prayers  
    When I'm dead, dead and gone  
Tell my people not to moanTake me far, far away into a foreign, a foreign land  
    And when I'm dead, in my grave  
    At least I ain't, I ain't no slave  
I ain't no slaveAnd all I got, all I have my sweat, blood,  
    And tears 'n prayers  
    When I'm dead, dead and gone  
Tell my people not to moanTake me far, far away into a foreign a foreign land  
    And when I'm dead, resting in my grave  
    At least I ain't, I ain't no slave
