Leaving You Behind (feat. Lykke Li)

Amanda Blank

So ambitious, baby, always on the road
Too relentless, I can't ever let it go
Give it up, sit down and do what you're told
So wrong and I'm the coldest bitch you knowThey take your number but they never call
Don't want nothing but you take it all
Feel my resistance, got a grip on top
Using my legs because my head ain't rightLeaving you behind, I'm leaving you behind
Leaving you behind, leaving you behindI heard your secret and it's just too sweet to keep
I'm telling everybody you can't take the heat
Don't it sting? Salt got in there deep
And I can't help you 'cause I'm just so fucking meanGo ahead and try me like you wish you could
You're too small for how tall I stood
Don't it hurt to know you're ain't that tough hot stuff?
It ain't enough and now nobody gives a fuckLeaving you behind, I'm leaving you behind
Leaving you behind, leaving you behindI know you saw it coming', said I was always running
Don't act so surprised, you knew the whole timeI'd leave you behind, I'm leaving you behind
I'm leaving you behind, you behind
Leaving you behind, leaving you behind
Leaving you behind
