

I Stole Your Boots

Chelsea Williams

I stole your boots
I took them out on the streets today
Sitting under your bed unused
They were calling out to me
they were lonely
Just like me, just like me

I stole your shirt
I took it out on the town today
While you were sitting stuck at work
it was calling out to me, it was lonely
Just like me, just like me

(CHORUS)

There's only so much you can say
Before it all just dissipates
You say there's only so much you can take
I hope I'm one of those things
I hope you never leave
Leave me, leave me

You stole my breath
You tugged and pulled till I could not breath
While I was wrapped around your neck
You said you couldn't help yourself
You were lonely Just like me, just like me

(CHORUS)

I stole your shirt
I stole your Ugly Casanova shirt
Couldn't help myself
I stole your Ugly Casanova shirt
I was lonely
I was lonely
