too far fetched? beyond your imagination?-- enterin your mental like a viral infestation
i'll rise to the occasion launching an invasion
wurdz be abrasive -- joints eye be lacin
sacrificin mics to ignite the celebration
xen & otep -- a volatile combination
its just amazing, poetically we blazing
styles be liquid and flow like irrigation
[time to] -- DESTROY LIKE REVELATIONS!
-- so make the preparation.....
defeat is bittersweet, its all u'll be tastin
sounding battle stations - my war face in place
its the renaissance - time to switch up and change
the path the paragraphs infiltrate your brain
total annihilation - your existence has been erased
[chorus]T.R.I.C.
risin from the ashes to lead the wretched masses back to the sufi shack - defyin all the fascists

falling like avalanches - crumbled and crushed
my wild womyn get to sinning -- know the power of us
i'm callin your bluff -- is it freedom or death?
