Baby Captain

Xiu Xiu

black phoebe
theres a candle in my window
black phoebe
its all inside of you
black phoebe
theres a candle in my windowbaby captain
i hope those teary eyes
are only from x
and i hope they
dont dry
when your biking photos
set you free
and you see
what a stunner you areget me a captain
i hope that white gold girl
forgets about you
your crooked blood
seeps up from hell
and you see
what a stunner you areblack phoebe
theres a candle in my window
black phoebe
its all inside of you
black phoebe
theres a candle in my window
