

# Pours Out Your Eyes

**OMC**

It's days like these that make me think of you constantly

It's like I sit around waiting for you response

It's like the phone and I have telepathy

Could you please just maybe give me a sign? You looked across the room at me, she walked up and said nothing

You said it with a smile, you said it with a smile

Denim jeans and white leather loafers, sky blue eyes but nobody noticed

Oh baby, oh baby, oh baby, it just pours out your eyes You don't know it you don't show it

You don't know what you do what you do

You don't know it and you don't show it

You don't know what you do what you do You like to hang around classy restaurants

You like to call me at home on my cell phone

You pull my heart strings ?cos you know I won't go

You make a scene as you turn to wave goodbye

Felt like raindrops crying from the sky

Oh you act so cool (so cool), you're nobody's fool

She loves soapies & oriental cats, plastic fantastic & China's on the go

Oh baby, oh baby, oh baby, it just pours out your eyes
