Dynamite and Whiskey

Fred Eaglesmith

Dynamite and whiskey
It's all the same
Tobacco in the sunshine
Sleeping in the rain
Jesus said for sure
He's coming back again
Dynamite and whiskey
It's all the sameAin't no tomorrow
Hold me with no eyes
Stand back away
And you'll wait for a ride
Stand by the water
And you'll whisper something
Dynamite and whiskey
It's all the sameRub it in your blood
Rub it on your mind
When she wipes just flapping out of time
I seen some things I won't see again
It's all the same
It's all the sameI think it's gonna rainDynamite and whiskey
It's all the same
Tobacco in the sunshine
Sleepin in the rain
Stand by the water
And you'll whisper something
Dynamite and whiskey
It's all the same
It's all the sameIt's all the same
It's all the sameDynamite and whiskey
It's all the same
It's all the same
