

Sanctuary (Harry Lemon Remix)

Origene

There is a place within all of us,
It is sacred, so free of judgement.
And this is yours to share with who you wish
This is your sanctuary.... sanctuary
There is no boundry , no rule to
adhere
There is love, there is hate
There is want, there is need
There is greedYou can laugh, you can cry
For you are free on the inside
This is your sanctuary.... sanctuary
Take this light, hold it high, feel it shine.
I know now that here inside ... this is mine.
.... this is yours.
This is your sanctuary....
