Dreamin'

Vonda Shepard

I sit and wonder
How my life would be if you were here with me?
What a beautiful fantasy early in the morning
I find myself with tears in my eyesFrom a dream that youre featured in
And it hurts deep inside
To know that you wont let me in to your life
And I wonder why Im going crazyI keep thinking about your foolish smile
Here I go I just cant stopDreamin, dreamin all the time
Im dreamin of all the joy we could have, baby
Dreamin, dreamin for your heart
Im dreamin of all the love that we could shareIts my decision to leave you now
Just because it hurts too much
Knowing youll never give enough but how I long to
Experience the magic of your touch againNow youre always on my mind
I just cant stopDreamin, dreamin all the time
Im dreamin of all the joy we could have, baby
Dreamin, dreamin for your heart
Im dreamin of all the love that we could shareI think of the time we had
Youre making me want you so bad
Im watching you walk away
But I wish I could make you stayThe only thing that I can do
Is baby, baby, to dream of you
I wake up in the morning thinking bout you, baby
All the time and the time that we could be together, yeah
