

Small Hours

[John Martyn](#)

Gonna get on up and fly away

Go on after another way

And a new day has dawned

Gonna carry onKeep on loving while your love is strong

Keep on loving till your love is gone away

Well, if I love you, gonna take you home[Incomprehensible] but I just don't careI love you so, I just love you so

Keep on loving till your love is gone

Keep on loving while your love is strong away
