I Know You're In There

Dudek Finnigan Krueger Band

I saw the message you scratched on the wall
I got the picture
I reached those fellas you told me to call
It seems theyâ€™d like to be richer
I filled manila envelop with cash I did not contact the police
So please donâ€™t panic
Iâ€™ve done nothing rash
I know youâ€™re in there

Guess I should mention that I will be a working alone this time
Got my Saturday night special loaded baby
And itâ€™s working fine
Girl shed no doubt, Iâ€™m gonna get you out
Itâ€™s just a matter of time, I know youâ€™re in there

I know youâ€™re in there, I know youâ€™re in there
I know youâ€™re in there
I know youâ€™re in there, I know youâ€™re in there
I know youâ€™re in there

I took advantage of their criminal naivetÃ© as I just waited
Until they picked up the ransom in full, that I had electronically baited
I followed them to apartment high rise, up nineteen floors
I was goinâ€™
You should have seen their communal surprise
When I kicked their hide out door in

Bang bang I shot it and first the fat guy got it
As he dove to the floor
Those other villains were less than willinâ€™ baby
To give up the show
Pow pow I knocked those cats out
And tied them to a living room chair
Quick as I got off the phone with homicide
I made it through the back and down the stairs
I found you mumblin' and cold and tired and lonely and scared
Thereâ€™s no need to fear, Iâ€™m right here
I know youâ€™re in there

(chorus section 2x)
