

Faces In the Window

DIO

Give me shelter shelter
I can face the day
Then I'll just fade away
Give me shelter
Give me shelter Sleep comes slowly
The fire starts to die
You open up your eyes Faces in the window
Noises in the night
Faces in the window
Hiding from the light
Faces in the window We are evil
And we are all divine
Creations of the mind
We are pleasure I see clearly
Who's behind the wall
Yes, I can see us all We're faces in the window
Noises in the night
Faces in the window
Hiding from the light
Faces in the window Give me shelter shelter shelter
Give me shelter shelter shelter Faces in the window
Noises in the night
Faces in the window
Hiding from the light Faces in the window
Faces in the window
Faces in the window
Faces in the window
Faces in the window When the fire starts to die
And you open up your eyes
There they are in the window
Faces in the window We are evil and divine
Just creations of the mind
And faces in the window
Faces in the window Faces in the window
