

# You've Got Me Where You Want Me

**Chuck Prophet**

You've got me where you want me  
You've got me where you want me  
You've got me where you want me  
You know you do There's winner and there's loser  
and I'm caught between the two  
I tried to fight it  
but I lost to you You've got me where you want me  
You've got me where you want me  
You've got me where you want me  
You know you do Like rain down to the ocean  
I answer to the moon  
I tried to fight it  
but I lost to you You've got me where you want me  
You've got me where you want me  
You've got me where you want me  
You know you do (You've got me doing things I've never done before  
Feelin' things I've never felt before  
You've got me where you want me)
