Secret

Heart

We lead two different lives, just like two lines that never cross
And here we are together, standing closer than we are
But we're still standing here untouched, too scared to make a move
We want so much to touch and we can't wait forever
We know it's dangerous for us to be togetherHow do we ever keep this secret? How do we keep it in the dark?
And if we dare to taste our weakness, how could we tear ourselves apart?
Why do we keep this love together? Didn't we know right from the start
That we would have to keep this secret or forever stay apart?I watch you coming to me, walking in the pouring rain
I can't help looking at you, wishing I could stay away
So many times I've tried in vain to close my eyes
And pray it goes away but I can't stop myself from feeling
To let you go would be too much for me to takeHow do we ever keep this secret? How do we deep it in the dark?
And if we dare to taste our weakness, how could we tear ourselves apart?
Why do we keep this love together? Didn't we know right from the start
That we would have to keep this secret or forever stay apart?I can't help thinking when I look into your eyes
How much I need you, it's so hard to hideHow do we ever keep this secret? How do we keep it in the dark?
And if we dare to taste our weakness, how could we tear ourselves apart?
Why do we keep this love together? Didn't we know right from the start
That we would have to keep this secret or be doomed to stay apart?
