

Radio King

Golden Smog

Let's go down together
3 A.M tomorrow night
I'll take you over anything
Let's go out together
Broad daylight in the street
I'll take you anywhere
Your music fills my car
And your voice breaks every time
I'm still wonderin' if I know who you are
I'll hang on every line
Let's go down together
Down by the old mainstream
I'll take you over anything
Let's go back in time, 1959
I'll take you Radio King
Your music fills my car
And your voice breaks every time
I'm still wonderin' if I know who you are
I'll hang on every line
