

In You I Live

Housefires

In you I live
In you I move
In you I have my being
In you I live
In you I move
In you I have my being I'm reaching out to find you
With open eyes to see you
I cannot live without your love In you I live
In you I move
In you I have my being
You are
In you I live
In you I move
In you I have my being
I'm reaching out to find you
With open eyes to see you
I cannot live without your love
I cannot live without your love
Oh, God, i cannot live, cannot live without your love Silver and Gold
Could never come close
I'd trade it all for you
Silver and Gold
Could never come close
I'd trade it all for you
Silver and Gold
Could never come close
I'd trade it all for you
Silver and Gold
Could never come close
I'd trade it all for you
Cuz you are my everything, all I ever need is you, is you
You are my everything, all I ever need is you, is you
You are my everything, all I ever need is you, is you
You are my everything, all I ever need is you, is you
You are my everything, all I ever need is you, is you
Oh Lord, Is You!
You are my everything, all I ever need is you, is you
You are my everything, all I ever need is you, is you
You are my everything, all I ever need is you, is you I'm reaching out to find you

With open eyes to see
I cannot live without your love
Cannot live without your love
Cannot live without your love
Cannot live without your love
Cuz father I need you
Oh, father I need you
Every breath I breathe I'm reminded I need you
I need you
Oh, I need you
The moment of my day
I need you
I need you, oh father I need you
More and more
Yes, I need you
I cannot live without your lord,
Oh we need you
We need you
We need you
We need you
How I need you
We need you
More and more I need you
