

Do You Know?

[Michelle Williams](#)

I hate to see you cry
Seems like your world is torn apart
Just know that God is faithful
He'll heal your wounded heart He knows that things that lie ahead, to come
Your way
Keep standing on his promises believe in what
He said Do you know
He is here
He will never, (never let you down)
Hold on, be strong, he will do
Do just what He said I hate to see you crying
It seems you can't move on
Just know that God is faithful
He'll guide you through the storm He knows that things that lie ahead, to come
Your way
Keep standing on his promises believe in what
He said Do you know
He is here
He will never, (never let you down)
Hold on, be strong, he will do
Do just what He said Let Him into your heart
(Let Him in, in your heart)
He's knocking at your door so let Him in, so lift
Up your head ooh
(Lift your head) Up to the sky
For in Him He has the power to change your life Do you know
He is here
He will never, (never let you down)
Hold on, be strong, he will do
Do just what He said
