Live & Learn

Wzrd

Move through time since birth I've been speeding
My lifes always been on coast
The things I think that I need and not was needed
The things I needed the most
My mama told me live my life and learn from lessons
I'll teach my daughter the same
Right and wrong is really always what you make it
I understand my place
Yea I will live and learn
Where did I come from. Where did I come from
Is it the moon or a planet I heard of
I don't know, I don't know
Feeling numb, no I don't roll with simple people
They don't seem to understand
I'm mostly happy, but sometimes I do feel evil
Sometimes I like feelin' bad

I like whiskey, black leather, and diamonds
Sue me! I like bein' fresh
Float on by, I'm in my zone and I'm zonin'
Live how I wanna live
Yea you will live and learn
Hey gotta take that ride baby. Woohoohoo!!
No regrets ain't got no time baby
Hey gonna take that ride baby
No regrets ain't got no time baby
Where did I come from
Where did I come from
Is it the moon or a planet I heard of
I don't know, I don't know
Where did I come from
Where did I come from
Is it the moon or a planet I heard of
