

# Stay In Love

Hilary Duff

Real life, broken glass  
Left them by the sea  
Holding onto things  
We don't really need  
Our edges used to  
Fit together perfectly  
Why does something good  
Always start to bleed? Hurting, hearts go wild  
Bruised girl, broken down  
Praised you, many times  
One big lie  
Passion, washed away  
Fake it, fate today  
Please give up  
And just say goodbye Stay in love  
Give me a reason  
Holding on just for the weekend  
Crave a world worth better breath in  
Stay in love  
Give me a reason  
Do you remember when I said I'd die for you?  
Every a single day that pretend true  
You remember wanna say I'd die for you  
Holding on just for the weekend All this said and done  
All the fights I've fought  
Trapped each, other end  
Waiting to get caught  
Two words sitting in the air is all we got  
Baby I love you, but we need to break up Hurting, heart goes wild  
Bruised up, broken down  
Praised you many times  
One big lie  
Passion washed away  
Faking, fake today  
Please give up and just say goodbye Stay in love, give me reason  
Holding on just for the weekend  
Crave a world worth better breath in  
Stay in love, give me reason  
You remember wanna say I'd die for you

Every single day pretend it's true  
You remember wanna say I'd die for you  
Holding on just for the weekendThought we'd be dancing from the rest  
I guess just like everybody, everybody else  
Thought we'd be dancing from the rest  
I guess just like everybody, everybody else  
Like everybody else, noStay in love, give me reason  
Holding on just for the weekend  
Crave a world worth better breath in  
Stay in love, give me reason  
You remember wanna say I'd die for you  
Every single day pretend it's true  
You remember wanna say I'd die for you  
Holding on just for the weekend  
Holding on just for the weekend  
Holding on just for the weekend
