Truth (Original Rough Sketch)

Ikon

Today I see you fading away
Today I see my life go by
Look into my eyes
Look into my eyes
Look into my eyes
Look into my eyesFade away
Fade away
Everyday everyday(2)Today I saw it all in you
Today the truth became known
It just slips away
It just slips away
It just slips away
It just slips awayFade away
Fade away
Everyday everyday(2)From: In The Shadow Of The Angel, Black Radio, The Final Experience & Thankyou Very Much GoodnightWords by Michael Carrodus
