# One Step Closer

## Highway 101

See him in the corner lookin' so right
It's Friday night and he's turnin' every head in sight
Stayin' in the shadows, I've seen his type before
He's playin' it safe, never sits with his back to the door
My heart is beating and I'm losing controlAnd I'm one step closer than I really should be
One step closer and I'm over the line
One step closer and Mama always told me
Don't go fallin' till you see the whites of his eyesThis indecision weighin' on my mind
I'm giving it up, guess I knew I would all the time
I'm walkin' over, gonna see it through
I'm settin' my sights, takin' my aim on you
This may be crazy but what else can I doI'm one step closer than I really should be
One step closer and I'm over the line
One step closer and Mama always told me
Don't go fallin' till you see the whites of his eyesThis may be crazy but what else can I doI'm one step closer than I really should be
One step closer and I'm over the line
One step closer and Mama always told me
Don't go fallin' till you see the whitesOne step closer and I'm over the line
One step closer and Mama always told me
Don't go fallin' till you see the whites of his eyes
Don't go fallin' till you see the whites of his eyes
