

Amerikan Beauty

(hed) P.e.

Y'all muhfuckas need to get ready
Get in the shower
Cause I'm fittin to go out tonight
Get fucked up, get fucked and stay away from the police
Ya understand me?
Come on!
What time is it?
Bitch get the fuck up!
Back door in the club
I'm not lookin for love
I'm lookin for a big butt
To squeeze on these nuts
I'm not tryin to think too much
I'm just tryin to get fucked and drink too much
Lil bitch - don't be so serious
Don't get mad 'cause your girls wanna be with us
In the club - show love
Have a drink on us
"Hey yo dog I think this girl wants to get fucked"
Hey Daddy can I talk to you
Daddy I'm only seventeen
But I know just what to do
At the club
Fools pay big money for me
But Daddy you can get this lapdance here for free
I need love Daddy
Daddy give it to me
It's my birthday
Ahhight - then let me see your I.D.
'cause the last time I was fooled the bitch was just sixteen
Big ass - big tits - she looked at least twenty-three
I'm going straight to hell
If fuckin you's wrong I don't wanna be right
Hey baby girl
I know just what to do
I'ma spank your little ass
Til it turns black and blue
Now ya put on these heels
and ya arch your back

And I'ma crack ya ass in half
With my eight inch staff
In my parents bedroom?

Yea - yea you know how we do it
On my Mamma's bed?
You go ahead and give me hed
While my Daddy's workin?
I got my own work to do
On the kitchen table?
I popped the cherry of the high school senior
hed cheerleader
Baby girl's hungry - so Daddy gotta feed her
Inches - pull it out
Then she blew me
A teenage pussy is a thing of beauty
I'm goin straight to hell....
If fuckin you's wrong I don't wanna be right
I could fuck your life away
Let me fuck your life away
I don't wanna be right
Fuck you
Jailbait - jailbait - jailbait - jailbait
She was like
Damn what the fuck did you do to me?
I was like
Shut the fuck up - this ain't nothin new to me
She was like
You're such a dick I hate you
I was like
Bitch shut up before I rape you
I like fuckin these ninety-pounders
I watch it go in
I feel like I'm Shaquell O'Neill
and I'm fuckin the Olson Twins
Say what?
It don't take much more than a nice butt
The slut smiles at me - the slut rides with me
In the back of the suburban
Leave the drivin to me
Damn - I forgot to check that slut's I.D.
Those big-ass-titties make it hard to see
If fuckin you's wrong - I don't wanna be right
