

Sundance (Radio Version)

Hit'n'Hide

Uh uh uh uh
Ah uh uh oh uh oh Sundance people, do the sundance people,
Everyone is high on love desire.
Sundance people, do the sundance people,
Like electric fire, take me higher. Sundance, on the beach,
And everyone is having fun,
You do, what I desire,
Don't go low, I'm gonna take you higher,
Come to the beach, come do the dance,
Come to the beach on my command,
As long as you got that party flavor,
You can do the sundance freak behavior. Everybody dance, dance to the vibe,
Everybody dance like an indian tribe,
I say, sundance, that's the dance,
Dance to the vibe on my command,
I said hey yo, move your feet,
Move your body in the heat,
I said hey yo, hey yo,
Move your body to the beat. Sundance people, do the sundance people,
Everyone is high on love desire.
Sundance people, do the sundance people,
Like electric fire, take me higher. Uh uh, sundance Sundance, that's a land,
Come to the beach, enjoy the game,
Follow the roots of love obsession,
Do the dance, there's low regression,
Come feel the vibe, it's in the air,
Everybody's dancing, I don't care,
Summertime sundance, that's the dance,
Do the dance on my command. Everybody dance, dance to the vibe,
Everybody dance like an indian tribe,
I say, sundance, that's the dance,
Dance to the vibe on my command,
I said hey yo, move your feet,
Move your body in the heat,
I said hey yo, hey yo,
Move your body to the beat. Sundance people, do the sundance people,
Everyone is high on love desire.
Sundance people, do the sundance people,
Like electric fire, take me higher. Sundance people, do the sundance people,

Everyone is high on love desire.
Sundance people, do the sundance people,
Like electric fire, take me higher.Sundance people, do the sundance people,
Everyone is high on love desire.
Sundance people, do the sundance people,
Like electric fire, take me higher.Oh uh sundance
Oh yeah.
