## And the Bands Played On

## Saxon

Just before dawn in the cold light

We came out of the night

A great expectation from the man who ran the show
Will it rain, will it snow, will it shine? We don't know

Are there clouds up in the sky?We sat in the sun, woah oh oh

And the bands played on

There was sixty thousand there

Just like thunder the crowds began to roar

Where you there, did ya know, did ya see all the show?

There was magic in the airWe sat in the sun woah oh oh

And the bands played on

And the bands played on
And the bands played onSee the rainbow shining brightly
Shooting rockets to the sky

Making music and it rolled on through the night You could hear on the air rock 'n' roll everywhere We were strangers in the nightWe sat in the sun woah oh oh

> And the bands played on And the bands played on
