Smile

Flickerstick

Your ship is high
And I don't know if it'll make it down
But I'm gonna try to slip inside
The mind of a clown
Follow me
Thinking I can save them
Follow me
Thinking I can turn a frown...into a smile
Into a smile
Into a smile
Who-oh
(Repeat 7 more times)

Into a smile
Your ship is high
And I don't know if it'll make it down
But I'm gonna try to slip inside
The mind of a clown
Into a smile
Into a smile
Into a smile
Into a smile
Yeah, yeah....
