

Thunder Fly

Marillion

The little corn flies are messing with my nerve endings
Just like you
My little corn fly
She comes with the sunlight and the perfect summer days
And she never stays
Just like you
My corn fly
The little corn flies are messing with my nerve endings
Just like you
My little corn fly
Into my clothes and under my picture frames
Before it rains
Just like you
My little thunder fly
Ooh
She comes with the sunlight and the perfect summer days
She comes with the sunlight and the perfect summer days
Ooh
She belongs in the great outdoors

Kickin off her shoes in a field of corn
Even though she's only very small
She'll leave you in no doubt at all
The little corn flies are messing with my happy endings
The little corn flies are messing with my happy endings
The little corn flies are messing with my.
The little corn flies are messing with my.
And I feel her in the sweat at the back of my neck
I feel her in the sweat in the back of my neck
Feel her in the sweat in the back of my neck
Ooh
She belongs in the great outdoors
Kickin off her shoes in a field of corn
When the winter rains bring you down
Thunderin' around you
She'll take you where she found you
In sunshine.
Sunshine
Sunshine
