

Nightflight

The Mover Presents Frontal Sickness

Verse 1

Dark is the night, frightful silence around
Only the moonlight shining, there's not a sound I'm not afraid 'cause you're here by my side
You'll be my shelter and hold me so tight
Bridge
I have every trust in you
There is nothing I won't do
Refrain
Oh, take me on a nightflight, nightflight, nightflight
The others fall asleep
and we fly away
Oh, take me on a nightflight, nightflight, nightflight
We fly through the night
'Til we meet the day

Verse 2

Up and away, oh baby, right in the night
Never been flying so high as a kite
This night I'm havin' the time of my life
It's so exciting, we're higher than high
Bridge
I won't need no sleep tonight
Never stop it feels so right
