Stare Like You'll Stay

Circa Survive

We believe to fully understand you,
you must step inside.
For all the reasons we could think to hate you,
we want to make it right.

Can't you see that everybody goes through
the same thing, at different times?

In all the ways that you can say we're different
you're wrong, we're alike.

Just say you'll keep your eye on everyone..

And take a last long look at where you are
Allowance received and I can't believe there's anything like this.
'cause if you're half as good as you say you are,
then you can prove it.

Stare like you'll stay alive,
if you stare like you're there

We believe to fully understand you,
you must step inside.
For all the reasons we could think to hate you,
we want to make it right, oh.

Just say you'll keep your mind on everyone

And take a last long look at where you are.
Allowance recieved and I cant believe theres anything like this.
'cause if you're half as good as you say you are,
then you can prove anything to us.

Then you can show us how it's done..
So we can show it to everyone..
If you stay alive

Stare like you'll stay alive,
if you stare like you're there.
Stare like you'll stay alive,

if you stare like you're there.
