

I Love You

Barney

I love you You hate me
We're a dysfunctional family
With a great big hug and a punch from me to you
Won't you say you hate me too I love you You hate me
We're so stressed like family should be
With a great big punch and a kiss from me to you.
Won't you say you love me too I hate you You love me
We're a wasted family
With a great big hug and a kiss from me to you.
Won't you say you hate me too I hate you You hate me
We're so bent like friends shouldn't be
With a great big punch and a punch from me to you.
Won't you say you hate me too
