Rake

Optiganally Yours

We choose skin to refine
It shows in good timeRake it, you cut inside of me
Grind it, you pick apart again
(Boy)
Fight it, you never 'sume to face
(I'm lying)
Hate it, I wish I could escapeAll these things we're sayin', I don't care about
All these things we're sayin', I don't care aboutWe don't change your mind
Strange, I don't declineRake it, you cut inside of me
Grind it, you pick apart again
(Boy)
Fight it, you never 'sume to face
(I'm lying)
Hate it, I wish I could escapeAll these things we're sayin', I don't care about
All these things we're sayin', I don't care about
