Bloody Cape

Deftones

In waves the ships have all sailed to the sea
Do you wanna wait or leave with you tonight
Cross your heart and pray the ocean
Will take us all the way in
First we are
Ever to fall off of the earth
We must be the first
Ones in the world to fall off of the earth
We'd soon as our needs are fed
You'll give in to me and the whole heartache
Makes me feel alive, same typical offering
And you always knew we make it all the way in

First we are
Ever to fall off of the earth
We must be the first
Ones in the world to fall off of the earth
It could be soon as the carnival's empty
I need you to take me home
God help us, God help us, God help us
God help us, God help us, God help us
God help us, God help us, God help us
God, God, God help us
God help us, God help us, God help us
God
