

Beautiful Day

Crystal Shawanda

Someone is smiling, someone cries
 Whatever it is, it's alright
Someone is born and someone dies
 Something is holding the light
 It's standing in the light now
 Standing in the light now
Standing here right now for you
 Everything you do now
 Everything you are now
 Creating it right now for you
It's a beautiful day, the sun's coming up
 The sun's going down for you
It's a beautiful day and everyone says
 The world's turning around for you
 There is no need to be afraid
 There is no need to deny
 That everything is on its way
 Life's going on in your mind
 It's standing in the light now
 Standing in the light now
Standing here right now for you
 Everything you do now
 Everything you are now
 Creating it right now for you
It's a beautiful day, the sun's coming up
 The sun's going down for you
It's a beautiful day and everyone says
 The world's turning around for you
 It's standing in the light now
 Standing in the light now
Standing here right now for you
 Everything you do now
 Everything you are now
 Creating it right now for you
It's a beautiful day, the sun's coming up
 The sun's going down for you
It's a beautiful day and everyone says
 The world's turning around for you
