## Brand New

Hey, its your ride  
Get your petals out lay them in the isle  
Pretend  
Your garden grows its your day to wed  
We found your man  
He's drinking up he's all American  
And he'll drive  
He's volunteering a grace to end your life  
You tidy up,  
Its sad to hope  
Leave your shell to us  
You explode ,  
You firefly and tiny boat with hope  
Feather old ,  
The world tilts back  
And pours and pours and so  
You Satellite  
You tidal wave  
You're a big surprise  
And I  
One more night  
To be your mother

They signal to interrupt  
They make frequency not strong enough to remain  
My hand and smile  
We will miss you  
But in time you'll get settled  
We will write (breathe in)  
So breathe  
Yea, you were right about me  
Can I get myself out from underneath  
This guilt that will crush me  
And in the choir  
I saw our sad messiah  
He was bored and tired of my laments  
Said I'd die for you one time but never again  
(Never again )

Well I love you so much  
But do me a favor baby don't reply  
Because I can dish it out  
But I can't take it

Well I love you so much  
But do me a favor baby don't reply  
Because I can dish it out  
But I can't take it

One I love you so much  
But do me a favor baby don't reply  
Because I can dish it out  
But I can't take it

Two I love you so much  
  
But do me a favor baby don't reply  
Because I can dish it out  
But I can't take it

Three loved you so much  
But do me a favor baby don't reply  
Because I can dish it out  
But I can't take it

Four I love you so much  
But do me a favor baby don't reply  
Because I can dish it out  
But I can't take it

Five love you so much  
But do me a favor baby don't reply  
Because I can dish it out  
But I can't take it

Six I love you so much  
But do me a favor baby don't reply  
Because I can dish it out  
But I can't take it

Seven loved you so much  
But do me a favor baby don't reply  
Because I can dish it out  
But I can't take it

Seven loved you so much (never have to be down to earth)  
But do me a favor baby don't reply (never have to live together on this piece of dirt)  
Because I can dish it out (never have to find my baby in the crowd)  
But I can't take it (Well I should be laughing right now)

Seven loved you so much (never have to be down to earth)  
But do me a favor baby don't reply (never have to live together on this piece of dirt)  
Because I can dish it out (never have to find my baby in the crowd)  
But I can't take it (Well I should be laughing right now)

Seven loved you so much (never have to be down to earth)  
But do me a favor baby don't reply (never have to live together on this piece of dirt)  
Because I can dish it out (never have to find my baby in the crowd)  
But I can't take it (Well I should be laughing right now)
