Good Friends, Good Whiskey, Good Lovin'

Hank Williams, Jr.

One thing's for sure, we'll all the just passing through
No we're not gonna live forever, not me and you
But Lord I've had a good time
Yes Lord I've had a good, good life
I've just got one thing to say, this is all that matters anywayGood friends, good whiskey, and good lovin'
I want to thank you Lord for giving me all of them to get me by
Take my money, take my rings, I'll trade it all for just three things
Good friends, my good whiskey, and good lovin'Don't you know I'm just like lots of folks in your town
I laugh and I love and I cuss life's ups and downs
There really ain't much difference you see
Between all of you and me
Yes I like cold beer and hot lips and a ride in the countryAnd I like good friends, and I like good whiskey, and I like good lovin'
I want to thank you Lord for giving me all of them to get me by
Take my money, take my rings, I'll trade it all for just three things
My good friends, my good whiskey, and good lovin'
