

Don't Think Twice

Allister

Take these promises I made
And hold them strong
Don't think twice about those things that I did wrong
Cause I never do something intentionally just hurt you
And I stared at the sky
and I asked myself why you became like an angel to me
Still the days and the weeks and the hours go by
and the minutes they just fade away
And I miss you every second in time
And it hurts cause you're so far away
All tears that I cry when you're not by my side
And those nights I dream of kissing you goodnight
Are on my mind
